

Maths

Place Value to 100

- Partition tens and ones
- One more and one less within 100
- Comparing numbers

Money

- Recognising coins and notes
- Count in coins

Time

- Tell time to the hour
- Tell time to the half hour- half past.

Science:

In Science, we will be learning to:

- Recognise and name deciduous and evergreen trees.
- Planting edible plants.
- Understand where our food comes from.
- Observe the seasonal changes in summer.
- Understand and recall the seasonal changes in summer.
- Gather and record data.
- Stay safe in the sun.

Ever changing Earth

Year 1
Term 6

English

Grandads Island by Benji Davis

We will be continuing the narrative of the story using descriptive language to describe the characters and the setting.

Dear Earth by Isabel Otter

We will be learning about the features of letter writing. The children will be creating their own letter writing to the local council about the environment.

Phonics

We will continue to learn new sounds throughout the term and apply these during our storybook lessons. In these lessons we will build fluency and learn how to read with expression whilst answering questions about what we have read. We will also be participating in the Phonics Screening Check.

PE

Health and Fitness – Exercise and the body

The children will develop their fundamental movement skills in agility and static balance.

We will also participate in Sports Day and Sports week activities.

Music

Reflect, Rewind and Replay

This Unit of Work consolidates the learning that has occurred during the year. All the learning is focused around revisiting songs and musical activities, a context for the History of Music and the beginnings of the Language of Music

Learn Together Changing Me

This term the children will be learning to understand that everyone is unique and special, how to express how they feel when change happens, understand and respect the changes that they see in themselves, understand and respect the changes that they see in other people, know who to ask for help if they are worried about change and learn ways to cope with changes.

Topic - Geography

In our Topic lessons we will be looking at the many ways our Earth is changing. We will explore climate change, waste and pollution, energy and transport, and recycling, and the effects these have on the environment and wildlife.

Art & Design

We will be carrying out different print making activities. The children will make their own stamps and collagraph print. They will also explore pattern, line, shape and texture using mono printing. We will also produce a piece of art to celebrate and present during Art Week.

Computing

This term the children will be introduced to on-screen programming through ScratchJr. Learners will explore the way a project looks by investigating sprites and backgrounds. They will use programming blocks to use, modify, and create programs.

Modern Foreign Languages – Spanish

Las formas – Shapes

The children will recognise and spell ten different shapes. They will also learn to count up to 5 in Spanish.
